EXPERIENCE

TVA Volunteer at Redcar Palace Gallery

2025- Current

Supported by Tees Valley Arts, this volunteering placement/work experience offers valuable insight into skills required for day-to-day working within an art gallery from technical install, communication with artists and public, writing materials such as open call advertisements, assisting curation, managing commission projects and a variety of other responsibilities.

Student Ambassador

2024- Current

Working as a representative of The Northern School of Art, I am responsible for assisting open days and visitors. This includes helping guests sign in and receive necessary material, helping with program talks and tours, publicly speaking and answering questions at designated Q&As and working as a team to conquer any other jobs as they arise. I am also responsible for reception cover during the interview season, assisting interviewers and interviewees. This role also involves assisting in promotional materials, such as featuring in the 2026 marketing campaign in advertising campaigns, web and print material.

Curator/Chair

2024-2026

Working on both PRELUDE and INTERLUDE for the BA(Hons) Fine Art Exhibitions (both external and degree show), I was responsible for curation, chairing meetings and project management.

WORKSHOPS / TALKS

Paint + Plonk Workshop

2025

Led a workshop at Carnival House Sunderland as the visiting artist, assisting visitors with their work, talking with the public and providing reference materials inspired by my practice for the event.

Fine Art Progression Artist Talk

2024

A 30-minute public-speaking presentation given to current A-level Fine Art students at Huddersfield New College discussing my practice, degree practices and work experience. I was invited by my old A-level teacher and college as Alumni to present, and sponsored by TNSOA.
